- administer care and assistance to the child, including by obtaining emergency or other medical assistance or care for the child in accordance with the Incident, Injury, Trauma and Illness Policy and Procedures of the Service; and
- report any injury, illness or incident as required by law.

First Aid

Disposable gloves will be worn by staff when administering first-aid, and will be disposed of immediately after use, in a way that they are reasonably secure from children and other staff.

The Supervisor will delegate a qualified staff member to ensure that the following are kept at Peak Sports and Learning at all times, and are accessible to the staff but not to children:

- a fully maintained and equipped first aid kit, adequate for the number of children attending Peak Sports and Learning;

- the child will be kept under adult supervision and their condition monitored until the parent/guardian's arrival.
- where a child requires medication, this will be administered in alignment with Peak Sports & Learning Policy – Administration of Medication.

If the child's condition is assessed as serious or deteriorates and emergency medical attention is necessary:

- the Supervisor, or qualified staff member, will direct a staff member to call an ambulance;
- all attempts will be made to notify the parents; and
- if parents are unable to accompany the child to the hospital, the Supervisor, or staff member, will accompany the child provided that they leave at least one staff member who is qualified in first aid at Peak Sports and Learning and that the staff ratios are still met.
- All costs incurred in obtaining medical attention for a child will be met by the parents/guardians.
